

**Glenfiddich Age of  
Discovery 19 year old  
40%**

Named in honor of the early Portuguese explorers, this newest Glenfiddich expression has spent a lengthy period of secondary maturation in Madeira drums. This has given a rich sweet fruitiness — think blueberry muffins mixed with moss alongside date, fig, and black grape. The palate is sweet and smooth with a pickup of gingery spices toward the finish.

Well balanced and quite a departure. (Travel Retail exclusive, not available in the U.S.) £75
