

Glenmorangie Pride

1981

56.7%

Glenmorangie Pride employs the use of Sauternes barriques to give a 10 year period of secondary maturation to a batch of spirit distilled in 1981. The result is a whisky with an intense, pungent, earthy nose; very complex, with polished old furniture notes, spices, oak tannins, and licorice.

The palate is 'full on' for a Glenmorangie; waxy, with sherbet, honey, and baked apple, then orange marmalade, sultana, and a hint of smoke in the lengthy finish.

Available July 1, 2011. Price is approximate.
