

## **Inish Turk Beg Eternal Voyage**

**44%**

Meaning 'the island of the small boar', Inish Turk Beg is an island off the coast of Ireland. Its latest launch is a super premium whiskey, and it's lovely. It's 10 year old Cooley malt matured in casks that previously contained Irish poteen, matured on the island and brought down to bottling strength with island rainwater. The result is a rich green and yellow fruit melee punctuated with zippy spices and zingy wood notes. Expensive, but very lovable.
