

**Mackmyra
Bruckswisky**

41.2%

This may well be the perfect entry level Mackmyra. It has a lower strength, and is almost Mackmyra Lite, thinner and less peaky, peppery, and peaty than every other Mackmyra bottling. There's a green fruit, almost gooseberry dimension to this; most unusual for the distillery, and the peaty underlay is fractured and dusty rather than sharp and intense. A revelation, and proof that the distillery is branching out.
