

Kavalan Solist Vinho Barrique Cask Strength

59.2%

Kavalan is Taiwanese whisky from the King Car Company, and the progress its whiskeys are making is truly remarkable. With humidity roughly the same as Speyside — high — but the temperature more than 20° Fahrenheit higher, maturation is on fast forward. This is just 4 years old, but it's a monster mix of kumquat liqueur, tropical fruit, blackcurrant, and strawberry and cream candy. Later on some eastern spices, especially turmeric, bring it all back home.
