

Tullibardine Aged Oak Edition

46%

Tullibardine Aged Oak Edition carries no age statement, though it contains a blend of whisky more than 15 years old and spirit produced since the distillery reopened in 2003. It has been matured in former bourbon barrels. The nose exhibits barley, citrus fruits, pear drops, crystallized ginger, marzipan, and cocoa. Oily in the mouth and slightly earthy, with brazil nuts and developing vanilla fudge and lemon on the palate. Fruitiness persists through the spicy finish.
