

**Masterson's Straight  
Rye Whiskey Batch #3  
10 year old**

**45%**

The third recently released 100% rye whiskey sourced from Canada, with the others being WhistlePig (50%, \$70) and Jefferson's (47%, \$40). (The one you purchase might depend on which one you can find, as they are all quite limited.) This one sells at a premium to the other two, but shows polish and is nicely rounded. Layers of sweetness (honeyed fruit, caramel, nutty toffee, maple syrup), toasted oak, cinnamon, evergreen, nutmeg, and a dusting of cocoa. Very distinctive!
