

Catoctin Creek Roundstone Rye

40%

Distilled from 100% organic rye. Very fresh, oily rye nose, bursts with rye spice fireworks. Tastes like a textbook example of 'what rye does in distillation.' Spicy, oily, hints of mint, with just a bit of vanilla from a month and a half in wood...which is where it fades, needing that barrel complexity. Catoctin Creek is making some nice, clean whiskey, a great start, and I do hope they're tucking some away for the long haul.
