

## **Armorik Classic**

**46%**

Armorik is made by Distilleries Warengem in the Brittany region of Northern France and you expect something gutsy and rugged. This is nothing of the sort, though the relatively high strength and the fact that it's non-chill filtered ensure plenty of taste, including a scattering of spices that tickle and tingle the palate at the finish.

Before then, though, the key flavors are vanilla, honeyed cereal, overripe melon, and banana.

Delightful. €38

—Vol. 20, #4
