

Hellyers Road Original Pure

46.2%

Hellyers Road is Tasmania's biggest distillery, formed by dairy producers who feared the island's dairy business was under threat from mainland producers and needed a fallback policy. Early bottlings were dreadful, but this is a big step forward. It's still an acquired taste, though, with rootsy, vegetal, and grassy Scottish Lowland elements. It's saved by a cocoa powder, mint chocolate, and puff pastry heart.
