

Mackmyra Moment Rimfrost

53.2%

This is the whisky equivalent of Metallica playing country songs. You can feel the power of the malt, you know it can kick out hard if it wants to. But it's all wrapped up in

Kentucky finery, the sweet bourbon candy and vanilla notes offsetting the salt and pepper, and some mint leaf and berry fruits to send it on its way. It's not an entirely comfortable pairing, but by far the best of this bunch. SEK 1195
