

Mackmyra Moment Norrskén

53.2%

Moment is a series of special one-off single malt whisky releases, and allows the distillery to experiment with cask types. Some of the whiskies, such as this one, take the distillery back to an earlier, more intense and difficult era. So here we have mushroomy, earthy whisky with damp autumn leaves, artichoke, tobacco, and salted fish in the mix. It's a full-on savory experience, and not one for the faint-hearted. SEK 1295
