

Parker's Heritage Collection "Blend of Mashbills"

65.8%

A blend of two different 11 year old bourbons—one being a rye-based bourbon, the other being wheat-based. The wheat lends drinkability, while the rye contributes a spicy zing. The combination works very nicely, with light toffee, nutty caramel, nougat, soft orchard fruit, black cherry, vanilla, and cinnamon.

(Note: this is the first of three different batches that will eventually be bottled.)
