

## **St. George's Classic Malt**

**46%**

This is set to be the first proper release into the American market, and it's a good introduction point, with all the distillery characteristics on display and a delightful rustic peat base to set it all off. On the nose there is trademark sweet citrus and cracked pepper, though they're joined here by milk chocolate and creamed lime, and on the palate there's sweet lemon and lime sherbet, fruit cordial, and peat.
