

Talisker Storm

45.8%

Diageo has introduced this new no age statement variant of Talisker single malt. The name reflects the distiller's aspiration to enhance the maritime notes in this expression. Refill and rejuvenated casks have both contributed to its maturation. The nose is youthful but rounded, with brine, burning wood embers, vanilla, and honey. Sweet and spicy on the palate, with cranberries and black currants, while peat smoke is always present, plus black pepper. The finish lingers, with walnuts and fruity peat. £40
