## Highland Park Svein

40%

Named after the Viking chieftain whose exploits are central to the Orkneyinga Saga, Svein is the least typically Highland Park of the initial three Warrior releases. The nose is oily, with starch and ozone, then ultimately freshly-squeezed orange and lemon juice. The palate offers a suggestion of smoke, sawdust, and vanilla. Nutty and slightly peppery in the finish, with just a suggestion of peat.

€40/liter
