

Masterson's 12 year old Straight Wheat Whiskey

50%

Canadian whisky makers tend to mash their grains separately, then blend them as mature spirits, allowing the individual grains to shine. This all-wheat whiskey was matured in used barrels, further accentuating these grain flavors. Sweet and light on the nose, the palate overflows with toffee and vanilla. Then, a vaguely earthy dryness follows glowing white pepper. Robust without the weight of corn, this luscious sipping whiskey provides guiltless pleasure with oodles of butterscotch custard, orange soda, and tingling spices.
