

Stauning Peated Whisky 2nd Edition 55%

A star is born. Stauning is a fledgling Danish distillery whose whiskies are 4 years old. Much as I support new world whiskies, many of them are works in progress. This is, though, the most exciting release since Glann ar Mor of France hit the scene. It's very peaty, rich, fruity, and full, and it's nearly flawless, with few indicators of its youth. This is hard to find, but make a note to snap up the third edition. 895 Krone/500 ml

—Vol. 23, #1
