

66Gilead Crimson Rye

47%

The second whisky from this Canadian craft distillery is a blend of three barrels of 100 percent rye whisky. Maturation for 3½ years in once-used red wine barrels has integrated distinct ripe fruits into the spiciness of rye grain. Youth is obvious in the earthy, malty elements, and the peppery heat, and there are distinct suggestions of clean blue clay. Its full body, rich flavors, and the fruit-spice balance speak well for the future of whisky from 66Gilead. (*Canada only*)
