

Prichard's Double Chocolate Bourbon

45%

Prichard's Double Barreled Bourbon is flavored with artisan chocolate. This dark chocolate is clear on the nose but not singular, as it's accompanied by strong oak, maple syrup, and cherry. On the palate, chocolate becomes more a supporting flavor for classic bourbon notes of oak, maple, caramel, and clove spice. The mid-palate is a little acidic and the chocolate adds a slight bitterness to the equation. The finish is a little too dry, but in all, an intriguing combination of flavors.
