

Storm

43%

Treacle tarts, black bun, and polished antique furniture, with fainter accents of dark chocolate, espresso, and delicate smoke flowing freely from the glass. Densely structured palate. Initially, chocolate-coated coffee beans, then it blossoms into dried fig, date, with a developing deep, tangy chocolate orange note, fading to dusty cocoa like the memory of a warm embrace. Not to be confused with Cutty Sark, this Storm is bottled by the Whisky Shack Company.
