old (Diageo Special
Release 2015)**

Good to see Pittyvaich back in the Special Release roster. Here we have the heavy, nutty character of the distillery given full expression. The emphasis here is on a mix of nuts, cake mix, and dense fruits: even a little hint of cigarette tobacco. When neat, the palate has real density that is enlivened by water, which brings out fresher—and decidedly more green—notes. Worth a dram.
