

**Cadenhead's (distilled  
at Caol Ila) 2000**

**54.4%**

Identifiably Caol Ila, with that light juniper note, lime, and very calm smoke. This sense of control continues as it opens very slowly into vanilla/cream with a little hint of salt, then fresh lychee. It is hot, so do water as this introduces a massively salty retro-nasal effect under which is this sweetly gentle mid-palate. Lovely balance.
