

**Parker's Heritage
Collection Kentucky
Straight Malt Whiskey 8
year old**

54%

A rarity among the large American distillers: whiskey with a mashbill of 65% malted barley and 35% corn; no rye or wheat. The malted barley and corn dominate the flavor profile, along with soft sweet notes of orchard fruit and golden raisin, kissed with honey. The finish is soft, sweet, and quick.

Clean, with an easy-going demeanor. Not particularly complex, however. If only the 35% corn was halved to include an equal amount of rye.

—Vol. 24, #4
