

**Wild Buck American
Rye**
50%

NJOY Spirits makes this 100% rye from locally-grown rye, some of which they grow themselves...in Florida! It is approximately 1 year old, and quite dark. There's a medicinal, dark pit fruit nose, overripe plum with some lighter red plum notes, a soft sweetness around the edges, and a hint of small barrel oak. Wow. Surprisingly smooth, up-front rye flavors, cushioned with a pleasantly odd sweetness with notes of cocoa and a soft rye finish. Intriguing.
