

Forty Creek Three Grain Harmony

43%

Three Grain Harmony marries rye and barley whiskies from 1992-94 to 4 year old corn whisky. The corn

lends voluptuous body to a complex assortment of carefully integrated grains, dark fruits, prune juice, and butterscotch.

Dried herbs, potpourri, and orange peel follow as the palate begins to broaden. When the big notes fade, look for delicate subtleties. Hot spices and pepper build from sip to sip and linger long into the sandalwood finish.
