

Highland Park ICE Edition

53.9%

ICE Edition is a 17 year old matured predominantly in bourbon casks. Just 30,000 rather extravagantly presented bottles are available globally. Fresh and fruity on the nose with light trademark Highland Park sweet smoke, ginger, and a hint of dry earth. In time the fruits become more clearly defined as pears and peaches. Full and viscous on the palate; vanilla, pepper, brief orchard fruits, then dry peat, licorice, aniseed, and a lingering, relatively dry finish.
