This refill butt has produced a perfumed and aromatic whisky with peach, green foliage, maize, a spritz of melon juice, and a pinch of ground cinnamon and nutmeg rubbed between the fingers. It's zingy! Ginger sears the lips before the warmth of the ginger invades the mouth. The satin texture of honey and vanilla concludes with Spangles, before it enters a long, mouth-coating finish of sweet ginger. With water, soft, ripe fruit abounds; the ginger harmonizes rather than attacks. (282 bottles)
