

**A.D. Laws Secale Single  
Barrel Cask Strength  
Straight Rye (Barrel  
#29)**

55%

Mashbill of 95% rye, 5% malt; both Colorado-sourced. Aged 3 years in full-size barrels. Same grass and spice in the nose as the Straight Rye, but a sweet, almost sherry-like note as well. Flavors are similar—rye grain, bitter oil, alcohol heat—but there's an added hit of dry cocoa, more heat, and a better, non-sticky finish with a grudging hint of sweetness at the end. Dialed up overall.
