

BenRiach Peated Quarter Casks

46%

This peated expression was matured in quarter casks and is the first bottling to be launched since BenRiach was acquired by Brown-Forman in April 2016. The nose offers sweet peat and new leather, coal, and a hint of iodine. White pepper and big peat notes on the palate. Ripe apples develop and spices spread around the mouth. The finish is medium in length, warming, and gently smoky. £65
