

Wolfburn The Kylver Series

46%

Matured in bourbon casks, this is the second release from the fledgling Caithness Distillery. Clearly youthful on the nose, but not raw, with ginger, melon, and background resin. Ultimately, mildly floral. Chili notes on the relatively dry palate, with nutmeg and spicy oak. The finish is on the short side of medium in length, peppery, and slightly bitter. Once decanted, this dram improves significantly and is rated on that basis. (1,200 bottles)£65
