

The Half Century Blend

45.5%

This is how to age gracefully. A remarkable, decadent drop released to follow the success of the Golden Age blend, this delivers heather honey, tangerine juice, banana chips, dried apricots, and sanded oak. It's a whisky of big, expansive flavors. Citrus strands, candied peel, neroli, and dried mango swirl amidst a syrupy mouthfeel, steadily becoming creamier as it squeezes out yet more flavor. Dry, oaky finish with residual fruit, coffee beans, and pleasingly bitter oak tannins that tingle the gums. £600
