Yes, there is a cute, mewing black kitten on the label. Turkish delight, pomegranate, rose water, lemon, lime zest, clementine, and sandalwood. A syrupy texture with the sweetness of hard fruit candy; there are flavors of cooked apple, mandarin, butterscotch, melon, ginger, and chili pepper. The slow crescendo of spices is particularly impressive. The pleasantly fruity finish sees a drop-off in the spices. Distinctively aromatic and exotic.
