

Ohishi Sherry Cask

42.3%

This has the warming comfort of cask strength rice pudding, with just enough rice character peeking through the sherry. Marzipan, sultana, fig, and toasted spice. Nutty *amontillado* notes load up on dried fruits, including apricot, mango, and apples pricked with cloves. The late phase includes black cherry, old leather, cola-flavored candy, and burnt fruitcake. A quick fizzle of spice and dried fig turns slightly savory.
