Honeysuckle, dandelions, and roses start this floral superhighway that takes a brief turn toward grain in many forms, from baked breads to boiling oats. Then earth and fruit meet for a delightful combination that walks toward the sweeter side, with hints of caramel chew, vanilla cake batter, pecan pie, chocolate-covered raisins, cassis, black currant, and povidica. Its long finish introduces a lovely roasted walnut note. (Less than 10,000 bottles)
