

Mt. Logan 15 year old
40%

Rather than complexity, this all-corn whisky showcases softness and a rich creamy mouthfeel—even if it does meet the Canadian definition of rye whisky. Peppery spices with a keen bite come from the barrel, not grain. Berries and corncobs add depth to fruit cocktail, with sharp spices balancing a lush waxiness. Its syrupy feel evolves into kiwi fruit flavors and tartness on the finish. (\$45CAD; Canada only)
