

Berrys' Islay Reserve

46%

Gentle peat smoke mixed with smoldering wood shavings, fresh maritime characteristics, and milk chocolate, but leave the glass a while, and when you return, the smoky intensity gets really pumped. Light melon flavors become engulfed by smoke, then the pepper, ginger, and chili kick in, leaving the soft fruit and vanilla cowering lamb-like in a corner. If you have peat smoke running in your veins, you will love this.
