

Two Brewers Yukon Single Malt Release 07

43%

In 2009, brewers Bob Baxter and Alan Hansen added a stillhouse to their Whitehorse-based Yukon Brewing Company. This 7 year old, their seventh whisky, was distilled from Scottish peated malt, creating a smoky, malty, scotch-like nose. Ripe apples, apricots, and other sweet fruits subdue the smoke until the first sip, when it bursts to the fore with a sweet, ashy presence. Smoke and pleasing hot pepper dominate a long finish.
