

**The English Single Cask  
Rum Cask (No. 0471)**

**57.8%**

A heavily peated whisky finished in a single rum cask. Very smoky with a lot of heat, but a balanced depth. Quite meaty on the palate.

Heather honey, supple leather,

English peppercorn sauce, and salted vanilla wafers, with incense hanging in the air. Charred apple skins and red berry fruit keep this from being out of balance.

Boysenberry, lavender, and smoke on the finish. Very forceful, but complex and intriguing. If

beefeaters didn't already have a drink, they'd probably drink this.
