

Redbreast Dream Cask 32 year old

46.5%

Bursting with hawthorn, red currant, cherry, pomegranate, baked sugar sweetness, roasted spices, cardamom, dark honey, and plum pudding. This pot still whiskey from 1985 is mouth drawing with fruit flesh and skins, tasting of stewed fruits, baked orange, apple, and pomegranate, with a very fine shimmer of spices that sparkles on the tongue.

Adding to their canon of single cask Redbreast releases, this is absolutely smashing. €500
