

Cotswolds Founder's Choice

60.9%

Dedicated to Dr. Jim Swan, who encouraged Cotswolds Distillery to shave, toast, and re-char red wine barriques, this has developed aromas of cherry, dried goji berries, rose petal, vanilla cake mix, butterscotch, and muted spices. It still feels young at this mighty strength. Warm red fruits of cherry and strawberry slam into a distortion of allspice, clove, and tongue-searing alcohols, which are quelled eventually by sweet notes of creamy toffee and mint.
