

**Rabbit Hole Cavehill
Kentucky Straight
Bourbon**

47.5%

Rabbit Hole's core bourbon brand now carries the name Cavehill, though the liquid remains unchanged. The nose starts with dried red fruits, drying oak tannins, raspberry jam, and an earthy note. A palate of spiced oak, milk chocolate, caramel, white pepper, and sweet black cherry is followed by a lengthy finish of orange peel, honey, sweet lemon cake, creamy chocolate, and pepper spice. Rich flavors, creating an easy whiskey to savor.
