

Tobermory 12 year old **46.3%**

This new core expression was launched in 2019 to celebrate the reopening of Tobermory Distillery after two years of remodeling. The whisky was matured principally in bourbon barrels, with a small proportion being finished in virgin oak. The nose yields honeycomb, vanilla fudge, orange blossom, and cinnamon. Quite full-bodied, with cloves on the early palate, apricots, and malt. Licorice, spicy dark berries, and more cloves in the finish. (£46)
