

**Glenglassaugh
Evolution**

50%

This is the second edition of Evolution, first released in 2013, and the ABV has been reduced from 57.2% to 50%. Like the first, it was matured in first-fill

Tennessee whiskey barrels. The nose gives vanilla, ginger, honey, tropical fruits, and milk chocolate, plus a floral note. More vanilla, milky coffee, oak, honey, toffee, and pineapple on the oily palate.

Spicy caramel in the finish.

—Vol. 29, #3
