

Glenglassaugh Revival

46%

A combination of first-fill and refill bourbon casks was employed for maturation, followed by 6 months of finishing in first-fill oloroso sherry butts. The nose proclaims youthfulness, with metallic notes and a hint of yeast, but the sherry casks provide walnut, old leather, tobacco, and orange. Sherry, freshly planed wood, white pepper, and red currants on the palate. Plums dipped in sherry on the finish.
