

Compass Box The Peat Monster

46%

This new recipe Monster brings aromas of waxed lemon and firm peat smoke layered with charcoal, iodine, Band-Aids, custard creams, and blowtorched peaks of lemon meringue pie. Vanilla, fudge, and white chocolate on the palate quickly succumb to a dustbowl of aromatic peat smoke bristling with spices. Lemon bonbons and honeydew leave hints of cocoa to finish. This type of monster you *do* want to find under your bed.
