

The Forager Botanical

40%

This gem from Forty Creek revives the tradition of adding herbs to whisky. Subdued toffee on the nose rolls into a general earthiness, followed by prune juice and gentle spirit. The palate immediately shows white pepper with sweet soothing caramels behind, finishing in a long, vaguely woody herbal essence. Added herbs subtly enhance the whisky flavors rather than offering their own. If ever a whisky sparkled, this is it. \$35 CAD
