**43%**

One of 12 whiskeys released in Berkshire Mountain Distillers' Craft Brewers Whiskey Project. Tropical on the nose, followed by bright hoppy bitterness on a palate that also features bittersweet chocolate, more citrus, lemon iced tea, lemon cake, candied oranges, and spice cabinet. The finish is light but flavorful and lengthy, and is accented by savory notes and bitter spice. This is citrus-forward, with appealing bitterness and a well-integrated balance of sweetness and spice.
