

Sator Square

45%

Youthful on the nose, with a note of fresh oak, new leather, some spice, pie crust, pumpkin pie, and brown sugar. The palate is light and seems young, but offers some fruitiness, spice, and a sweet note of marmite coming through. There are some good flavors on offer, and this whiskey is well made, but there is a lack of unity—the flavors don't completely come together into one harmonious expression.
