

Arran 12 year old

46%

Nice to see Arran making it to 12 years old. Creamy on the palate and soothing in nature, with layers of sweetness (maple and butterscotch syrup, vanilla cream) and fruit (caramel apple, fried banana). Soft, congenial finish. A low-level yet persistent nutty/burnt rubber note detracts from what would otherwise be a very fun, pleasantly sweet whisky. (Note: at the time of publication, the whisky was not yet available in the U.S. Price above is UK price, converted to dollars).
